Camp Odyssey/STEM (age 8 to 15)
Do you wonder about the ideas for a new product come from? What about new games and special effects? How do people process ideas? If you could change something, what would it be? How would you do it? Would you need help? Who? What would you need tools? Which would you need materials? What/Where are your resources? Can you design a way to ride a horse? Can you design a vehicle that is not powered by an engine or batteries? Can you design a rocket that launches somewhere other than space? If you were asked to design costumes for your favorite T.V. show, how would you do it? Would you do it? At this camp, you will have the opportunity to enjoy exploring your creative side through activities geared toward thinking in new and inventive ways and using that creativity to unlock hidden potential! Penn State is teaming up with the folks from “Odyssey of the Mind” to offer this unique opportunity for you! Odyssey of the Mind is an international educational program that provides creative problem-solving opportunities for students from kindergarten through college. Don’t miss this opportunity to discover your hidden creative abilities and to be able to express them in the most innovative ways.
